

Art

by Kathleen Wiley

Going now to art is a fun thing to do.....

We will draw.....

We will sketch.....

We will sculpt and paint too.....

We'll use crayons and pencils and oil and clay.....

We will make things we'll keep but we'll give some away.....

We'll learn depth and perception and balance too.....

Using textures and contrasts....It's all fun to do...

SO....NOW we'll go to art where we'll study the true artists of the past!!!
