

The Assembly Song

by Kathleen Wiley

We're going to go to assembly...
We're going to sit very still...
We're going to pay close attention...
And you and I both know we will.....

We're going to go to assembly...
We're going to hear what is said....
And we know we'll learn in assembly....
It's maybe about something we've read....

We're going to go to assembly:..
And if it is funny we'll laugh....
But if it is not, we'll be serious....
And be good examples to the other children..
