

## Wasting Time

by Kathleen Wiley

We're wasting our \_\_\_\_\_ time because we all won't get in line.  
Do you think that that's fair? (one, two, three, four)  
Show us now that you care (one, two, three, four)  
And stop wasting our time, and get in line.

## The Nicest Classroom

by Kathleen Wiley

We are the nicest classroom in the school.  
We work hard to obey every rule.  
We all like it when we walk in the halls.  
We take good care of our playground balls.  
We are quiet in the library  
We're everything our teacher wants us to be.  
Learning, having fun, obeying rules  
Makes this a happy school for you and me!

## Whisper Please

by Kathleen Wiley

Oh dear, there's talking and it's you know where.  
Whispering is what I want to hear.  
Please help us to have a quiet classroom.  
I'll try to whisper if you will try, too.  
Quiet workers are a joy to see  
And quiet workers won't annoy me.  
Please cooperate and whisper, too,  
So I'll be proud of you because you tried.
